

Livingston St CAPITAL

The logo features the word "Livingston" in a large, dark red serif font, with "St" in a smaller, dark red serif font to its right. Below "Livingston" are three dark red, slanted rectangular bars. Below "St" is the word "CAPITAL" in a dark red, all-caps, sans-serif font. A horizontal line is positioned below the logo.

HEALTHCARE INVESTMENT OVERVIEW

OUR FIRM

Livingston Street Capital, LLC is a boutique private equity firm with institutional capital partners focused on commercial real estate investments throughout the United States.

We are based in Radnor, PA and New York City and actively make investments across several investment strategies.

These strategies include: Office, Industrial, 55+ Active Adult, Independent Living and Healthcare.

Our company was founded by Peter Scola and Joseph Fox who have successfully led more than the \$20 billion of real estate transactions throughout their careers. Most recently, they have acquired more than \$1.1 billion of commercial real estate throughout the United States.

We have acquired a broad national portfolio of assets across all of our investment strategies.

OUR PHILOSOPHY

Our investment philosophy can best be described as focusing on the “needs” of corporations and individuals versus discretionary “wants.” As such, we focus on investments that we believe serve an essential need for tenants or residents, as applicable. While our approach is considered to be defensive in nature, we look for investments, especially in the Healthcare space, that we believe can achieve significant growth potential.

We believe this helps us preserve our invested capital throughout multiple economic cycles. As a result, we are generally long-term investors of our core and core plus assets.

OUR HEALTHCARE INVESTMENT PROGRAM

Livingston Street Capital invests in two specific asset types in the Healthcare sector – Medical Office Buildings and Specialty Care Facilities.

We prefer strong regional or national operators that are well capitalized, have strong corporate credit and lease the facility on a long-term basis. We will consider multi-tenant properties, but we do prefer properties with fewer tenants and long-term leases.

Overall, we believe that the trends in the healthcare sector are and will continue to be favorable. With an ever-increasing general population and a senior population projected to nearly double by 2050 (which equates to approximately 10,000 Americans turning 65 everyday), healthcare demand will grow significantly.

OUR CAPITAL

Livingston Street Capital, LLC has dedicated capital commitments that give us the ability to respond to situations quickly. We maintain full control of the due diligence process which allows us to deliver continuity and certainty of execution.
